- d. Formulate an appropriate treatment plan for medical disorders related to neurology, gastrointestinal, immunology, infectious disease, endocrine, psychiatric, toxicology, and respiratory.

Major Topics to Be Included:

- a. Concepts of Medical Complaints Related to Neurology
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- b. Concepts of Medical Complaints Related to Abdominal and Gastrointestinal Disorders
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- c. Concepts of Medical Complaints Related to Immunology
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions

- d. Concepts of Medical Complaints Related to Infectious Disease
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- e. Concepts of Medical Complaints Related to Endocrine Disorders
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- f. Concepts of Medical Complaints Related to Psychiatric Disorders
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- g. Concepts of Medical Complaints Related to Toxicology
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- h. Concepts of Medical Complaints Related to Respiratory Disorders
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- i. Concepts of Medical Complaints Related to Hematology
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- j. Concepts of Medical Complaints Related to Genitourinary/Renal
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- k. Concepts of Medical Complaints Related to Gynecology
 - Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- l. Concepts of Medical Complaints Related to Non-traumatic Musculoskeletal Disorders

- Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions
- m. Concepts of Medical Complaints Related to Diseases of the Eyes, Ears, Nose, and Throat
- Introduction and overview of conditions
 - Epidemiology of related conditions
 - General assessment findings and considerations
 - Appropriate treatment for conditions

Date Created/Updated (Month, Day, and Year): September 21, 2018
