

**J. Sargeant Reynolds Community College
Course Content Summary**

Course Prefix and Number: SPA 195

Credits: 3

Course Title: Topics in Spanish: Spanish for Health Professionals

Course Description: Introduces Spanish to those in the health sciences. Emphasizes oral communication and practical medical vocabulary. Presents realistic situations and the specialized vocabulary that health care professionals need to communicate with Hispanic patients in the course of their daily work. Provides students with numerous opportunities to apply, in a wide variety of practical contexts, the grammatical structures introduced in the corresponding lessons through personalized questions, grammar exercises, dialogue competition, role plays, and real activities. May include oral drill and practice. Lecture 3 hours per week.

General Course Purpose:

Course Prerequisites and Co-requisites:

Prerequisites: None
