Why Dual Enrollment at Reynolds?

The Dual Enrollment program allows high school juniors and seniors to take college-level classes at their high school that fulfill both high school and college requirements. Classes will transfer to college or prepare you for a career. Enhance your education, experience college-level courses, explore career options, and shorten the time required to complete a college degree. Find out if your school participates in the Dual Enrollment program by asking your high school counselor.

The Benefits of Dual Enrollment

- Earn both high school and college credits.
- Complete certain certification programs while still in high school.
- Receive first-hand exposure to the requirements of college-level work in a supportive environment.
- Attend courses on a Reynolds campus or at your high school.
- Transfer your credits, if eligible, to four-year colleges and universities.
- Attend classes at a considerably lower tuition than a four-year college (in some school divisions there is no cost to the student).
- Access resources you need to accomplish your goals - including tutoring, libraries, computer labs, and employment and transfer guidance.

How Do I Enroll?

Meet with your high school counselor to determine which courses are right for you, then:

- Apply online at www.reynolds.edu.
- Take a placement test at Reynolds. This may be waived depending on your PSAT/SAT scores. Ask your counselor.
- Submit the Reynolds Dual Enrollment course request form and the application for in-state tuition to your high school counselor. Forms can be found online at www.reynolds.edu/go/dualenrollment.

Take Advantage of All Reynolds has to Offer

Accessibility: Reynolds offers three campuses where Dual Enrollment students can attend classes.

Small classes: Reynolds maintains a low student to teacher ratio so students can receive individual attention.

Transferability: Many Reynolds general education classes transfer easily to most four-year schools. Save money by starting your education at Reynolds.
