take the first step on
YOUR PATH
WHAT IS THE FUTURE YOU ENVISION FOR YOURSELF?

Reynolds can be an important step on your path. Let us help you create your future.
what is your passion?
In-state students pay an average of $4,250* a year to attend Reynolds full-time. That's one-third the tuition of most state colleges and universities in Virginia.

*K. Allyson Lackey is a Reynolds Science graduate, environmentalist, and dragonfly researcher. An Associate of Science degree from Reynolds provides the foundation for a bachelor’s degree at the nation’s top colleges. Learn more at [reynolds.edu/stem].
Megnot Walelegne, a Respiratory Therapy student, receives hands-on instruction from Professor Sherry Compton.

“More than 25% of new jobs created through 2020 will be in healthcare.”
- Forbes
WANT TO GET RIGHT TO WORK?

Associate Degrees
Completing an associate degree is a major milestone! It can get you started in a career, or give you that sense of accomplishment that inspires you to take the next steps towards a bachelor’s or master’s degree.

Certificates & Career Studies Certificates
An academic certificate or career studies certificate can provide specific training in a field and lead to immediate employment. While certificates don’t take as long to complete as an associate degree, they can serve as a stepping stone to receiving an associate or bachelor’s degree. They can serve as a stepping stone to receiving an associate or bachelor’s degree.

Reynolds Community College does not discriminate on the basis of age, color, disability, family medical history or genetic information, military service, national origin, parental status, political affiliation, race, religion, sex (including pregnancy and gender identity), sexual orientation, or any other non-merit based factor. Reynolds offers programs under its open admissions policy. Admission to select vocational programs is based on a separate application process that is non-discriminatory. For the full policy and a list of select programs, visit reynolds.edu.
meet our PROFESSORS

Maria Espiritu
is a Spanish professor at Reynolds, and she’s also fluent in Russian.

17:1
The average student to faculty ratio.
THE PEOPLE YOU MEET CAN INFLUENCE YOUR DIRECTION.

That is the role of Reynolds faculty. Sure, the professors at Reynolds are well-published, award-winning, and passionate about their fields of study, but they are also 100 percent focused on your success. Academics are important, but so is your growth as an individual. At Reynolds, you will also come to know our outstanding staff. They are committed to all of those other variables, like campus safety or financial aid, which need to happen seamlessly to ensure your success.

Scott Burrell’s interaction with horticulture students revolves around practical field work in the display, vegetable, and landscape gardens at the Goochland Campus.

Shalini Upadhyaya, science professor, is inspired by the success of her students – not only in the classroom, but in their work environment after college. Professor Upadhyaya also leads the Reynolds annual “Science Night,” which showcases the outstanding work of our science faculty.
get an education that’s HANDS ON

Weston Broache interprets a keynote speaker’s presentation from English to American Sign Language at the Maggie L. Walker Governor’s School graduation. Weston is studying American Sign Language-English Interpretation at Reynolds.
Damond Allen transferred to VCU after completing an Information Systems Technology associate degree at Reynolds. He dreams of being a computer network engineer.

VCU is the number one 4-year university Reynolds students transfer to after completing our transfer associate degree program. Check out Damond’s video on the Reynolds YouTube channel.

Reynolds to Rams program was created for Reynolds students who transfer to VCU.

THE FUN!
WE CAN’T BE SERIOUS ALL THE TIME.
Meet new people and get involved in activities on campus. Reynolds offers clubs, leadership opportunities, social events, field trips, speakers, multicultural enrichment, and theatrical productions.

INTRAMURALS
Reynolds encourages wellness throughout its campuses by providing opportunities for fun and competition. Flag football, basketball, and soccer leagues are offered as intramural programs.

GAME CENTERS
Game Centers include billiards, Ping-Pong, air hockey, Playstation, Wii, Xbox, and flat screen televisions. Visit with friends and have some fun between classes.
Meet d’Shante Smith, former Reynolds student ambassador and future engineer.

Reynolds offers exceptional programs for students wishing to gain leadership skills. JSR LEAD members work on team building, business etiquette, public speaking, and community service. Student Ambassadors represent the college community in a variety of ways, from offering campus tours to speaking with state lawmakers about the value of community colleges. Student Senate members advocate on behalf of the student body and help college administrators address questions or concerns from students.

Reynolds is home to two chapters of Phi Theta Kappa, the international honor society for two-year colleges. PTK encourages scholarship among two-year college students by providing opportunities for leadership, service, and academic excellence. Students interested in business careers may also join Phi Beta Lambda, a nationally recognized business organization that fosters the professional development of students.

BE THE KIND OF LEADER YOU WOULD FOLLOW.

Oh, the Places You Will Go!

Reynolds is dedicated to providing social, educational, and service activities that promote student engagement, cultural awareness, and social responsibility. In addition to free or low-cost on-campus events throughout the year, the Reynolds Office of Student Life coordinates trips to sporting events, theaters, and four-year colleges and universities.
Take Our Advice.
Complete the classes you need, finish your program on time, get help with financial aid, transfer to a four-year college, or explore your career options. Reynolds advisors will guide you through your entire college experience.

FINANCIAL AID

IMPORTANT FINANCIAL AID DATES
Submit the FAFSA online at www.fafsa.ed.gov. The Reynolds Community College school code is 003759. For the best chance to receive the financial aid for which you are eligible, file the FAFSA before these priority deadlines:

April 15 for the Fall Semester
September 15 for the Spring Semester
February 15 for the Summer Semester

The financial aid process doesn’t have to be intimidating. Reynolds has advisors to support you so you can maximize your financial aid benefits and register for the classes you need. Learn more about grants, loans, and other options to help you pay for college at reynolds.edu/financialaid.
Student Success Centers
Academic advising is designed to assist students in developing an educational plan that is meaningful and compatible with their educational and career goals. Advisors are located in the Success Center at each campus.

Testing Centers
Placement tests help ensure you register for classes that you are ready for. They determine which developmental courses, if any, you need to take. Learn more about required placement tests, waiver requirements, and tips for successful test-taking.

Financial Aid
Reynolds can help you find ways to pay for college. Learn more about the financial aid application process and important deadlines so you can get the amount of aid you need.

Orientation
At Reynolds, our new student orientation covers everything from financial aid and payment plans to where to buy books and receive academic tutoring. Studies show that students who participate in new student orientation have a more successful college experience.

Scholarships
Reynolds scholarships are available for specific programs of study, while others are general scholarships that generous benefactors have made possible to remove financial barriers for students. Apply online once to be considered for all available scholarships.

Academic Support
Faculty and peer tutors provide one-on-one and group sessions. Tutoring is provided free of charge to students enrolled in credit courses. Tutors can help students study, define assignments, increase understanding of course materials, improve reading, and effectively manage their time.

Accommodations for Students with Disabilities
Reynolds seeks to provide access to educational opportunities for individuals with disabilities by removing barriers that would otherwise eliminate their ability to participate. Call, visit, or check out the Office of Student Accommodations online.

  - 4-week summer classes begin (second 4-week session)
3 campuses

1. Downtown Campus
2. Goochland Campus
3. Parham Road Campus
1 DOWNTOWN CAMPUS
Our urban campus is located in the Virginia BioTechnology Research Park near the MCV Campus. Most allied health classes are offered at the Downtown Campus, as well as classes in business, liberal arts, science and computer science. There’s lots of parking in the deck, but it’s also easy for students to bike or take the bus.

2 GOOCHLAND CAMPUS
A place where students can really get their hands dirty, our most rural campus is located near routes 6 and 632 on the same campus as the Goochland Family YMCA. The Goochland Campus offers a range of programs in automotive, horticulture, sustainable agriculture, welding, and some general education classes.

3 PARHAM ROAD CAMPUS
Our most traditional college campus offers new and renovated facilities including a state-of-the-art technology center and library, a café to grab a cup of coffee or a bite, and lots of space to study and visit with friends. The suburban location also provides enough open space for outdoor athletic fields and ample parking. Most first-year and second-year college classes are offered at the Parham Road Campus, as well as plenty of degree and transfer options.

REYNOLDS ONLINE
Need the flexibility of taking classes from home, but want the convenience of traditional college resources? Reynolds offers the best of both, with more than 20 online programs. So while you’re online, you’re not on your own.

Percentage of Reynolds students that take one or more online class.
Where do you want your studies to take you? Check out the Virginia Wizard to help you brainstorm a dream job (vawizard.com), then consider one of our academic programs to help you get there.
Learn more about financial aid, tuition, deadlines, payment plans and scholarships at reynolds.edu/financialaid.

It’s free and it’s not complicated. Visit reynolds.edu and click “apply now.” Be sure to keep a record of your student ID.

Placement tests help determine the classes in which you’ll be most successful. Learn more about which programs require placement testing and how to ace the tests, so you only take the classes you need, at reynolds.edu/testing.

Research shows that college students who attend a new student orientation perform better in their classes. reynolds.edu/orientation
